Letter of Transmittal

Regina, Saskatchewan

To His Honour
The Honourable Dr. Gordon L. Barnhart
Lieutenant Governor of Saskatchewan

Your Honour:

I respectfully submit the Annual Report of the Saskatchewan Municipal Board for the year ending December 31, 2007.

Respectfully submitted,

Bill Hutchinson,
Minister Responsible
for Saskatchewan Municipal Board

Message from the Chair

It is my pleasure to present the Annual Report of the Saskatchewan Municipal Board for the year 2007.

As the province's local authorities respond to rising demand for services, and to replace aging infrastructure and other capital assets, they find they must rely on grants and borrowed funds. While the senior levels of government have stepped up to make grant funds available, the local authorities must also contribute a share of the funds. The board has worked with many municipalities and school boards as they seek approval for borrowing. The staff has worked with many of the administrative staff from the authorities and the board has met with councils to help them work through the challenges of delivering the best possible services to their respective ratepayers.

Along with the climate of growth and change, the board has dealt with municipal boundary issues and planning and development appeals over the year. This is the third year in the four year assessment cycle, so those appeals have leveled off, but work has already begun to respond to the changing environment expected with the next revaluation in 2009.

I wish to express my appreciation for the dedicated support of all board and staff members.

Wade Armstrong, Chair

Who We Are

Mandate

The board is legislatively mandated to exercise discretion of a regulatory and a quasi-judicial nature. The board's regulatory function is to review and authorize debt and ensure financial credibility for cities, towns, villages, northern and rural municipalities and school divisions. The judicial function is to hear and determine, at the provincial level, appeals from the general public in municipal matters relating to property tax assessments, municipal planning and development issues, and municipal orders.

Major Activities

Major activities of the board are as follows:

- Provide a service to the general public and municipalities by hearing appeals at the provincial level on matters that require specialized knowledge. Common matters of appeal include planning and development, assessed value of real property, local improvement assessment, tax exempt status of a property, conservation and development area authority property assessments, and orders and certificates issued by the provincial fire commissioner's office.
- Review local authorities' long term debt applications for approval to ensure financial stability and to provide assurance of the local authorities' financial stability to taxpayers and lenders.
- Provide advice and approvals to local authorities on capital financing, debt management, investment policy, water and sewer rates and local improvements.
- Provide a service to municipalities by adjudicating applications for alteration of municipal boundaries or amalgamation of municipalities where there is a disagreement over the alteration or amalgamation.

- Provide financial supervision and/or mediation and dispute resolution services as may be referred by a local authority or requested by the appropriate minister.
- Provide a service to municipalities by resolving any inter-municipal dispute that arises from municipalities entering into agreements for public utilities, inter-municipal sharing of taxes and grants, creation and alteration or restructuring of municipalities, and auditing for inter-municipal bodies.

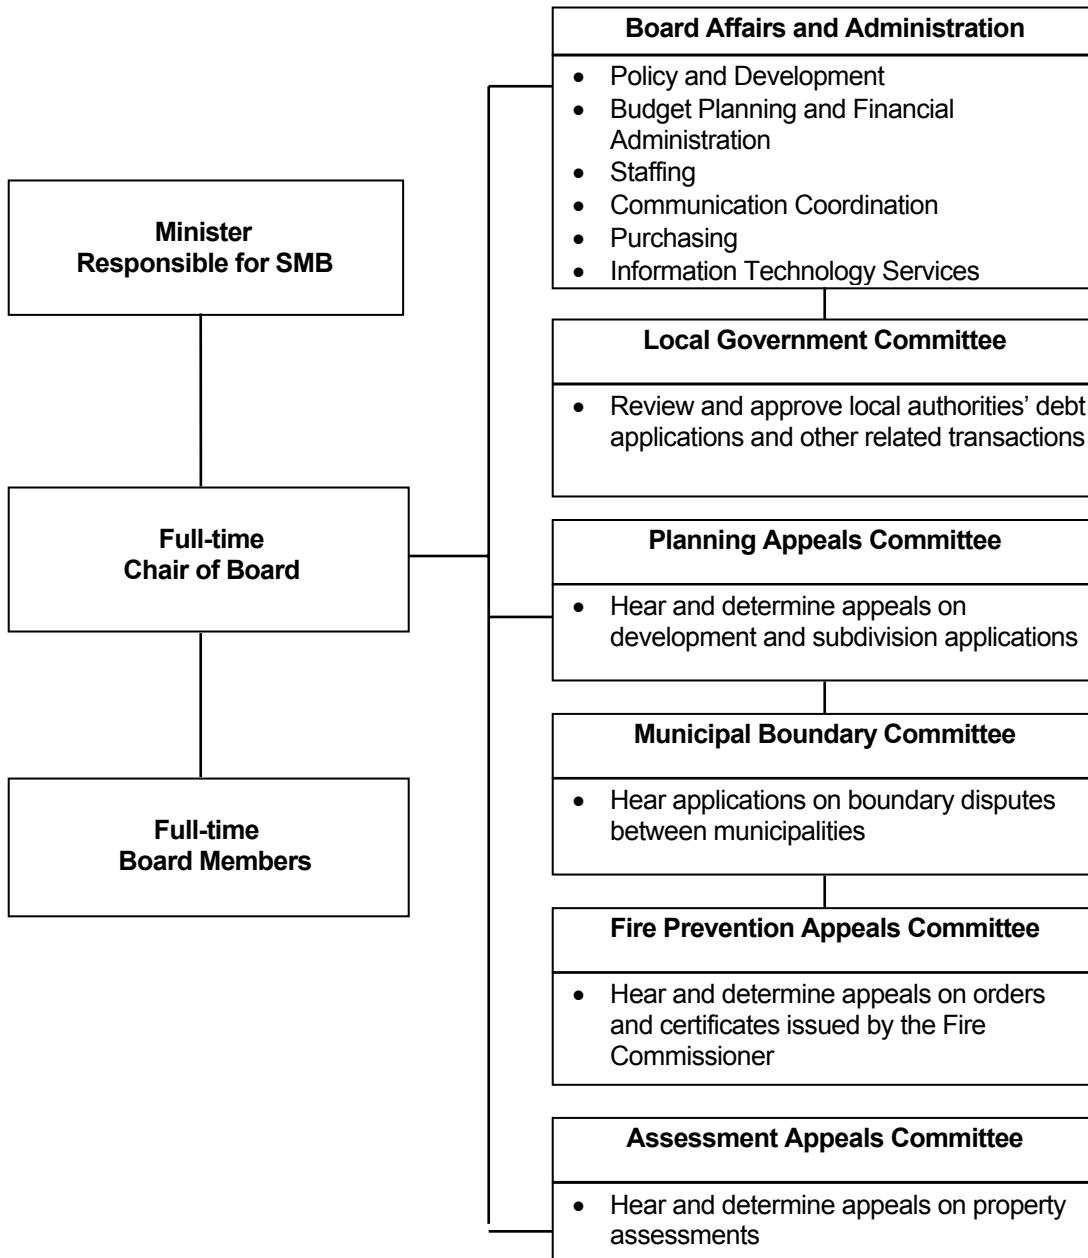

Other assigned duties to the board include:

- Resolution of disputes where an agreement to fix the assessed value or property taxes on farm land in an urban municipality cannot be reached.
- *The Revenue and Financial Services Act* provides that full-time members of the board are the Board of Revenue Commissioners.

Organization

The board fulfils the majority of its mandate through "working" committees, such as the Local Government Committee, Planning Appeals Committee, Municipal Boundary Committee, Fire Prevention Appeals Committee, and Assessment Appeals Committee.

Organization by Function

Legislation

The board accomplishes its mandate through a number of Acts. Enabling legislation is listed below:

The Assessment Management Agency Act
The Cities Act
The Conservation and Development Act
The Education Act, 1995
The Fire Prevention Act, 1992
The Local Improvements Act, 1993
The Municipal Board Act
The Municipalities Act
The Northern Municipalities Act
The Planning and Development Act, 2007

The board has authority to approve or determine matters under several other Acts. However, applications/appeals pursuant to these Acts are not often received. In addition, the minister responsible may request the board to conduct an inquiry into various matters within the jurisdiction of the respective legislative authority.

Goals for 2008

The Saskatchewan Municipal Board is an agency that responds to demands and expectations of the public and local authorities when legislation indicates such actions. It is not intended to be an agency that proactively seeks out its client base to deliver its services.

Local authorities deliver services to their respective communities, for which borrowing must often be undertaken. They are required by legislation to apply to the board to seek approval to borrow in most instances. Likewise, local authorities seek administrative approvals for certain activities and bylaws to ensure that matters are dealt with fairly.

Local authorities and the public also come to the board to present appeals and other disputes. There is an expectation that all parties will be heard fully by a panel with specialized knowledge and that the board's decision will be fair and in accordance with legislation. In all situations the public and the local authorities expect their matters to be dealt with in a timely manner.

Therefore, the board considers it important to focus on the following activities and projects

in 2008:

- Manage financial resources appropriately while at the same time ensuring client outcomes and needs are met.
- Conduct hearings, render decisions and review local authorities' borrowing requests in a consistent and timely manner.
- Review operational strategy of the board considering workloads/caseloads, legislative requirements (including proposed changes), stakeholder expectations, and government priorities.
- Identify future workforce needs to implement a human resource plan to meet the future staffing and workload needs of the board. The human resource plan should address areas such as recruitment and retention for permanent employees, succession planning and employee development.
- Develop, manage and train staff respecting administrative and operation records management and privacy awareness.
- Initiate a review of procedures to ensure they meet the demands of the client groups and needs of the current legislation, and are effective, efficient and comply with visual identity, freedom of information and protection of privacy, records management, risk, and security guidelines. Additionally, continue to work on development of a Business Continuity Plan, Security Plan, and Risk Management Strategy.
- Ensure web site information is up to date and accurate. Information about the Saskatchewan Municipal Board is available at: <http://www.smb.gov.sk.ca>.
- Communicate with clients on the appeal process and approval process, how to apply or appeal and the role of the board.
- Preparation for the 2009 property reassessment through training of board members on the market value approach, training of local Boards of Revision, and determination of resource requirements.

Administration

Administration is responsible for staffing, information services, purchasing, financial administration, communication initiatives, policy development and implementation for the board and its committees.

Management is to ensure the integrity of financial data reported by the board. This responsibility is fulfilled through preparation and presentation of financial information and other data in accordance with guidelines developed by the Ministry of Finance, with exceptions specifically noted.

The Financial Administration Manual provides for internal accounting controls, policies and procedures. Employees exercise their best judgment to ensure the accurate reporting of activities and use of financial resources. Existing internal controls provide reasonable assurance assets are safeguarded and financial records are reliable for use in preparing financial information and maintaining accountability of assets.

Financial Overview

In 2006-07, Saskatchewan Municipal Board's budget of \$1,137,000 was divided into three general areas: Administration/Local Government Committee, Planning Appeals and Assessment Appeals. Funding was distributed according to the figures shown in Figure 1 which indicates the actual and budget estimates for 2006-2007.

Revenue is derived from filing fees for appeals received from the general public, municipalities, and other agencies. A fee is also charged for authorizing and preparing debentures for local authorities. Figure 2 shows a breakdown of revenues received and deposited in the province's General Revenue Fund for the 2006-2007 fiscal year.

Asset Management and Protection

Personnel: Includes board members, out-of-scope staff and in-scope support staff. Emphasis was placed on educating and training personnel to increase productivity and effectiveness.

Electronic Hardware, Software and Data:

In April, 2005 the board entered into a partnership with the Information Technology Office to provide information technology infrastructure and support to our business needs. The service includes operating and managing information technology infrastructure (networks, servers, and desktop computers), ensuring data security, providing help desk services, developing information technology applications, procuring and distributing information technology hardware and software.

Statement of Expenditure

TOTAL	\$ 1,076,000	\$ 1,137,000	\$ (61,000)

Note:

- 1 Short term vacancy in management position.
- 2 Higher than anticipated ITO service costs relating to custom application development.
- 3 Less than anticipated caseload levels for appeals.
- 4 Less travel required as the result of lower caseload levels.

Statement of Revenue

DESCRIPTION OF REVENUE	ACTUAL 2006-2007	BUDGET/ ESTIMATE 2006-2007	VARIANCE OVER/(UNDER)
Filing Fees	\$ -	\$ 62,000	\$ (62,000) ⁽¹⁾
Debenture Authorizations	35,000	25,000	10,000 ⁽²⁾
Debenture Forms	3,300	1,000	2,300 ⁽²⁾
TOTAL	\$ 38,300	\$ 88,000	\$ (49,700)

Note:

- 1 In 2007 a change in accounting for filing fees occurred. Filing fees are now treated as conditional receipts until the finalization of the appeal, which may take up to three years. Appellants that are successful in their appeal or withdraw their appeal have the fee refunded to them. Where the appellant is not successful in their appeal, the filing fee is transferred from conditional receipts to revenue. The board has traditionally refunded approximately 50% of the revenue received for filing fees.
- 2 Higher than anticipated number of debenture authorizations for municipal capital borrowing applications.

Local Government Committee

Major Activities

- **Approve Long-Term Borrowing including Debenture Issues**

The purpose of approving long-term borrowing is to ensure financial stability of local authorities and compliance with various statutes. Investors and the public are provided with assurance that procedures and approvals comply with statutes and related policy.

Actions include approving various forms of debt, preparing related bylaws and debentures.

- **Approve Local Improvements**

The purpose of approving local improvements is to ensure financial stability and compliance with legislation for municipalities to undertake works or services that specially benefit particular lands. A portion or all of the cost of the benefiting work is charged (assessed) against the benefited land.

Works and services which can be approved as local improvements are defined in *The Local Improvements Act, 1993*.

- **Approve investment of surplus funds, creation, use of reserve funds and sinking funds**

The purpose of approving these financial transactions is to ensure municipal funds are securely invested and other funds are used appropriately.

Committee objectives include security of investment and interest income maximization.

- **Approve sewer and water rates for towns, villages, rural and northern municipalities**

The purpose of approving water and sewer rates, charges, tolls or rents as they relate to service (including discounts, additional amounts or percentages) is to ensure they are equitable for all users and sufficient to provide revenue to offset current water and sewer operation expense, debt repayment and future capital expenditure.

- **Provide Advisory Assistance**

Provide local authorities with timely appropriate advice respecting all aspects of committee work. Participate in providing training courses.

Goals

- Ensure financial stability for municipalities and security for their investors and the general public.
- Approval requests for files that are in order are reviewed and approved within two weeks of receipt.
- Financial health of authorities that apply to the board reviewed for fiscal sustainability and recommendations made to assist councils where concerns are noted. Meetings with councils, conditions on approvals, and /or monitoring of the financial health of the authority completed where warranted.
- Where local improvement hearings are required, the hearing is scheduled within legislated timeframes and in consultation with the municipality; where practical, decisions are rendered within thirty days of the hearing.

Approvals and Authorizations

Figures 3 to 12 illustrate ongoing approvals and authorizations of the Local Government Committee for 2007.

In addition, the committee met with six municipalities (three towns and three villages) with respect to the municipality's debt requirements and/or fiscal capacity and provided on-going monitoring and review of fiscal capacity for a number of municipalities with approvals that were subject to terms and conditions.

Planning Appeals Committee

Major Activities

- **Planning and Development Appeals**

Hear and determine appeals relating to municipal planning and development and the subdivision of land.

Appeals normally arise from a decision of a development appeals board or an authorized subdivision approving authority.

- **Appeal Hearings**

Appeal hearings are usually based on the record of the local board.

- **Appeal Decisions**

Written decisions, with reasons, are issued based on arguments presented at the hearing.

- **Provide Advisory Assistance**

Provide factual information to the public on the processes of appeal.

Goals

- Where legislation permits, endeavour to facilitate an agreement between the affected parties prior to a formal hearing.
- Hear appeals within three months of receipt of a notice to appeal.
- Render decisions within sixty days of the date of hearing an appeal. Decisions are consistent, based on a basic framework for appeal supported by detailed analysis of the issues.
- Provide an information base for the general public regarding the appeal process, and policies and procedures of the committee.
- As an interested party, analyze and respond to Ministry of Municipal Affairs' requests regarding legislation.

Impact & Accomplishments

- The committee strives for the shortest turnaround time possible on matters before it.
- Through consistency of decisions, the committee provides the general public with a better understanding of requirements when rendering decisions on planning and development appeals.

Caseload Activities

In 2007, nine new appeals were received. Nine appeals were heard which includes four rural municipalities, one city and one village from the previous year.

Figure 13 shows an analysis of the decisions rendered by the committee.

Municipal Boundary Committee

Major Activities

- **Municipal Boundary Alteration Applications**

The committee is composed of full-time members of the Saskatchewan Municipal Board and part-time members representing the Saskatchewan Urban Municipalities Association (SUMA) and the Saskatchewan Association of Rural Municipalities (SARM).

Review applications for the alteration of municipal boundaries or the amalgamation of municipalities.

A request for review of boundary applications normally arises when affected municipalities are not in agreement as to the proposed boundary alterations or amalgamation.

- **Public Hearings**

A public hearing, when required, is conducted within the applicant municipality.

- **Mediation**

Mediation between affected municipalities may occur whenever possible.

- **Provide Advisory Assistance**

Provide factual information to the public on the process to apply.

Goals

- Endeavour to facilitate an agreement between the affected parties prior to a formal hearing.
- Hear and decide applications within four months after receipt of same.
- Provide an information base for municipalities and the general public regarding the application process, and policies and procedures of the committee.

Impact & Accomplishments

- Mediation facilitates communication between affected municipalities.
- Affected municipalities have an information base as well as a clearer understanding of what is required at the public hearing.
- Providing knowledge of hearing procedural process and consistent decision making to affected municipalities leads to a satisfactory outcome.

Caseload Activities

Three applications were received in 2007. Two applications are still under consideration. One application from 2006 was withdrawn in 2007 and one application was discontinued in 2007.

Fire Prevention Appeals Committee

Major Activities

- Hear and determine appeals and matters concerning fire prevention.

Appeals arise from orders issued by a fire inspector or fire commissioner or certificate for costs incurred in carrying out an order respecting fire prevention and safety.

- **Appeal Hearings**

Appeal hearings are usually based on the record of the local board. They are held as required in Regina or Saskatoon.

- **Appeal Decisions**

Written decisions, with reasons, are issued based on arguments presented at the hearing.

Goals

- Hear appeals within three months of receipt of a notice to appeal.
- Render appeal decisions within sixty days after the date of hearing an appeal.
- Provide factual information to the public on the process of fire prevention appeals.
- Establish a consistent base for the decision making process.

Impact & Accomplishments

- The committee strives for the shortest turnaround time possible on matters before it.
- Through consistency of decisions, the committee provides the general public with a better understanding of requirements when rendering decisions.

Caseload Activities

There were no appeals received for 2007.

Assessment Appeals Committee

Major Activities

- **Assessment Appeals**

Hear and determine assessment appeals pertaining to the assessed values of real property; local improvement assessments; the tax exempt status of a property; and conservation and development area authority assessments.

Appeals usually arise from decisions of local boards of revision.

- **Appeal Hearings**

Appeal hearings are based upon the record of the local boards of revision and are held throughout the province.

- **Direct Appeals Hearings**

Hearings for direct appeals are conducted, as required, with respect to industrial or commercial properties exceeding \$1,000,000 in assessed value where the appellant, the board of revision, and the municipality agrees to proceed in this manner.

Direct appeals hearings are also conducted, as required, where an application for leave to consolidate appeals has been granted.

- **Pre-hearing Conferences**

Pre-hearing conferences are conducted, as required, to determine the necessity of subpoenas and to clarify issues to be determined by the committee.

- **Appeal Decisions**

Written decisions are issued, with reasons, based upon arguments presented at the hearing regarding perceived errors by boards of revision, or in the case of direct appeals, based upon evidence and argument.

- **Stated Cases**

Any person affected by a decision of the committee may appeal to the Saskatchewan

Court of Appeal on a leave to appeal basis. Also, cases may be stated to the Saskatchewan Court of Appeal at the initiative of the committee. The question must be one of law or jurisdiction.

- **Other Matters**

The committee may consider and make recommendations on matters referred to it by the Minister.

Case law that impacts on assessment issues is monitored.

Recommendations are provided regarding proposed legislative amendments.

- **Provide Advisory Assistance**

Provide advice and guidance to the public and other client groups regarding the appeal process and related assessment matters.

Goals

- Hear appeals within a reasonable time of receipt of a notice of appeal.
- Render appeal decisions within ninety days of the date of a hearing where caseload allows.
- Provide an information base for the general public regarding the appeal process, and policies and procedures of the committee.
- Maintain an efficient appeal tracking system.
- Enforce procedural requirements.
- Recruit additional part-time members to address the increased workload expected from the 2009 income related revaluation.
- Participate in developing a Board of Revision handbook and delivering related workshops pertaining to the 2009 revaluation.
- Review with stakeholders the initiative to improve service through a partnership with Queen's Printer Publications centre for a

single and secure source to historic and precedent setting appeal decisions.

Assessment Appeals Committee

Impact & Accomplishments

- Amalgamation of the tracking system from 11 databases into one to improve the administration of files and expedite reporting.

Board of Revenue Commissioners Mandate

The Board of Revenue Commissioners is established pursuant to Section 13(1) of *The Revenue and Financial Services Act*. The Act appoints full-time members of the Saskatchewan Municipal Board as members of the Board of Revenue Commissioners.

Any write-off or cancellation of monies owing to the Crown is subject to approval of the Board of Revenue Commissioners as delegated by Treasury Board. The board has the power to hear and determine appeals respecting taxes imposed or assessed pursuant to and by virtue of any taxing act. Parties to the appeal may further appeal any decision of the board to the Court of Queen's Bench.

The operating and staffing costs associated with this board are absorbed within the Saskatchewan Municipal Board's budget.

Minister in charge is the Minister of Finance.

Legislation

The Corporation Capital Tax Act
The Crown Minerals Act
The Provincial Sales Tax Act
The Fire Prevention Act, 1992
The Freehold Oil and Gas Production Tax Act
The Fuel Tax Act, 2000
The Liquor Consumption Tax Act
The Mineral Taxation Act, 1983
The Revenue and Financial Services Act
The Tobacco Tax Act, 1998

The board has authority to approve or determine matters under eight other Acts. However, appeals pursuant to these Acts are not often received.
