
Mission

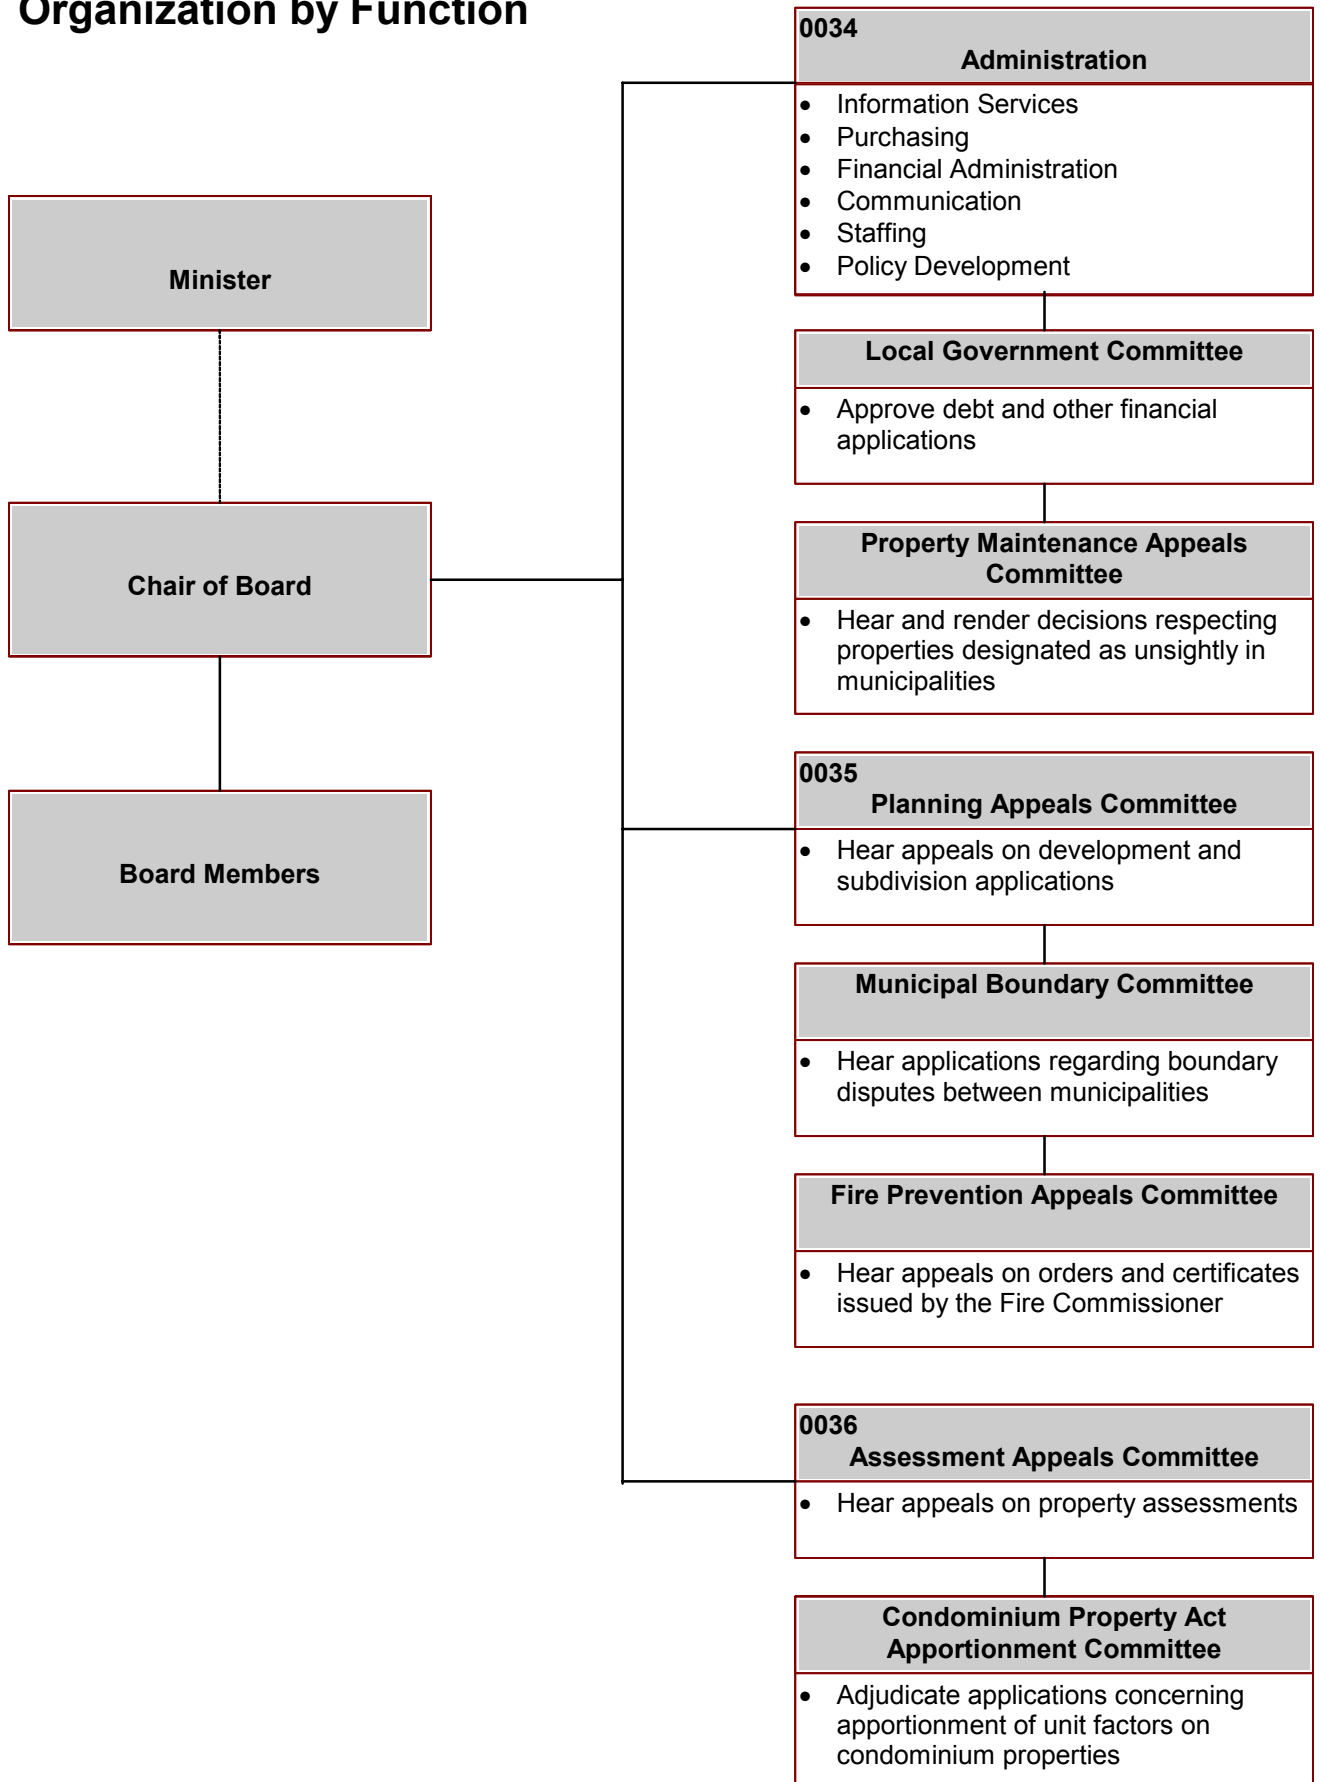

To ensure financial credibility for cities, towns, villages, northern municipalities and school divisions, and hear and determine appeals respecting planning, assessment, fire prevention, municipal boundary and property maintenance.

Mandate

The Saskatchewan Municipal Board is legislatively mandated and the board is empowered to exercise discretion of a judicial nature. Major activities include:

- provide a service to cities, towns, villages, northern and rural municipalities and the general public to hear appeals at the provincial level on matters that require a specialized knowledge. Common matters of appeal include planning and development; assessed values of real property; local improvement assessments; tax exempt status of a property; assessments for conservation and development area authorities; property maintenance orders; and orders and certificates issued by the provincial fire commissioner's office.
- assist local authorities by reviewing long term debt applications to ensure financial stability;
- provide advice and approvals to municipal governments and school divisions on capital financing, debt management, investment policy, utility rates and local improvements;
- collect outstanding debenture debt for union hospitals;
- decide applications for alteration of municipal boundaries or amalgamation of municipalities, where inter-municipal agreement is not present.

Organization by Function

Legislation

The board accomplishes its mandate through a number of Acts. Enabling legislation is listed below:

The Assessment Management Agency Act
The Condominium Property Act, 1993
The Conservation and Development Act
The Education Act
The Fire Prevention Act, 1992
The Health Districts Act
The Housing and Special-care Homes Act
The Lloydminster Charter
The Local Government Election Act
The Local Improvements Act, 1993
The Meewasin Valley Authority Act
The Municipal Board Act
The Northern Municipalities Act
The Planning and Development Act, 1983
The Public Libraries Act, 1996
The Rural Municipality Act, 1989
The Saskatchewan Housing Corporation Act
The Subdivisions Act
The Urban Municipality Act, 1984
The Watershed Associations Act

The board has authority to approve or determine matters under 13 other Acts. However, applications/appeals pursuant to these Acts are not often received.

Our Goals for 2003

- Conduct hearings and render decisions in a timely fashion.
- Communicate with clients on the appeal process, how to appeal and the role of the board.
- Accommodate legislative amendments by reviewing internal processes, policies and procedures to ensure that services are provided within an appropriate time frame and in accordance with amendments.
- Manage financial resources appropriately while at the same time ensuring client needs are met.
- Review local authorities borrowing requests in a timely manner.
- Investigate existing processes for working committees to establish consistency in procedures, which will ensure efficient and cost effective delivery of service.
- Research, recommend and implement training for staff and members.
- Develop and implement web site by December, 2003.

Administration

Administration is responsible for staffing, information services, purchasing, financial administration, communication initiatives and policy development and implementation for the board and its committees.

Management is to ensure the integrity of financial data reported by the board. This responsibility is fulfilled through preparation and presentation of financial information and other data in accordance with guidelines developed by Department of Finance, with exceptions specifically noted.

The Financial Administration Manual and the Treasury Board Accounting and Reporting Manual provide for internal accounting controls, policies and procedures. Employees exercise their best judgment to ensure the accurate reporting of activities and use of financial resources. Existing internal controls provide reasonable assurance assets are safeguarded and financial records are reliable for use in preparing financial information and maintaining accountability of assets.

Financial Overview

In 2001-02, Saskatchewan Municipal Board's budget of \$1,101,000 was divided into three general areas: Administration/Local Government Committee; Planning Appeals; and Assessment Appeals. Funding was distributed according to the figures shown in Figure No. 1 which indicates the actual for 2001-2002 and budget estimates for 2001-2002.

Revenue is derived from filing fees for appeals, which are received from the general public, municipalities, and other agencies. A fee is also charged for authorizing and preparing debentures for local authorities. Figure No. 2 shows a breakdown of revenues received for the 2001-2002 fiscal year, which are deposited in the province's General Revenue Fund.

Asset Management and Protection

Personnel: Includes Board members, out-of-scope staff as well as in-scope support staff. Emphasis was placed on educating and training personnel to increase productivity and effectiveness.

Electronic Hardware, Software and Data: Includes local area network with 13 desktop computers connected to the network. Data includes word processing files, spreadsheet applications, revenue and expenditure system, a database to track appeal status for assessment appeals and remote access to government accounting and human resources systems and internet access. Policy was developed to ensure the security of government electronics system for the protection of our external and internal infrastructure and information.

Major Activities

- **Approve Long-Term Borrowing including Debenture Issues**

The purpose in approving this borrowing is to ensure financial stability of local authorities and compliance with various statutes. Investors and the public are provided with assurance that procedures and approvals comply with statutes and related policy.

Includes approving various forms of debt, preparing related bylaws and debentures.

- **Approve Local Improvements**

The purpose in approving local improvements is to ensure financial stability while allowing municipalities to undertake works or services that specially benefit particular lands. A portion or all of the cost of the benefiting work is charged (assessed) against the benefited land.

Works and services which can be charged as local improvements are defined in *The Local Improvements Act, 1993*.

- **Approve investment of surplus funds, creation, use of reserve funds and sinking funds.**

The purpose in approving these financial transactions is to ensure municipal funds are securely invested and other funds are used appropriately.

Committee objectives include preservation of capital and interest income maximization.

- **Approve Sewer and Water Rates**

The purpose in approving water and sewer rates is to ensure rates are equitable for all users and encourage sufficient rates to provide revenue for current water and sewer operation, expense, debt repayment and future capital expenditure.

- **Provide Advisory Assistance**

Provide local authorities with timely appropriate advice respecting all aspects of committee work.

- **Manage Union Hospital Debt**

The Health Districts Act enables the Saskatchewan Municipal Board to bill and collect debenture debt from participating municipalities for union hospitals which no longer exist. The funds are forwarded to the appropriate financial institution. Applicable bank accounts are reconciled annually. 2002 will be the final year for this activity as all debt will be retired.

In 2002, 8 municipalities were invoiced for an amount of \$35,950.84. Debenture debt of one union hospital was retired in 2002.

Goals

To ensure financial stability for municipalities and security for their investors and general public.

* Refers to Northern Municipalities

- Loans are reported beginning 1993 due to the increased number of loans now exceeding a four year term and containing a fixed interest rate.
- 13 municipalities are not included as financial statements for 2001 are not yet available. A review of current year approvals indicates these municipalities have minimal outstanding debt.

(1) Includes lease obligations for cities not previously recorded.

Property Maintenance Appeals Committee

Major Activities

- Hear and determine appeals and matters concerning property maintenance.

- **Appeal Hearings**

In most instances, the local board's record becomes the basis for the hearing.

- **Appeal Decisions**

Written decisions are issued which contain reasons for the decision.

Goals

- Hear appeals within three months of receipt of a notice of appeal.
- Render decisions within three months of the date of hearing an appeal.
- Provide factual information to the public on the processes of appeal.
- Establish a consistent basis for the decision making process.

Impact and Accomplishments

- The committee has been successful in providing an independent review of the local enforcement process.

Caseload Analysis

In 2002, three appeals were received, two appeals were carried over, one was heard and denied.

The City of Saskatoon was the only municipality to establish a local board pursuant to provisions in *The Urban Municipality Act, 1984*. The new *Cities Act* does not contain similar provisions for these types of appeals. Therefore, unless other urban municipalities adopt the provisions within *The Urban Municipality Act, 1984* there will be no need for further reporting for this committee.

Planning Appeals Committee

Major Activities

- **Planning and Development Appeals**

Hear and determine municipal planning and development appeals and the subdivision of land.

Appeals normally arise from a decision of a development appeals board or an authorized subdivision approving authority.

- **Appeal Hearings**

Appeal hearings are usually based on the record of the local board.

- **Appeal Decisions**

Written decisions, with reasons, are issued based on arguments presented at the hearing.

- **Provide Advisory Assistance**

Provide factual information to the public on the processes of appeal.

Goals

- To hear appeals within three months of receipt of a notice to appeal.
- Render decisions within three months of the date of hearing an appeal.
- Provide an information base for the general public regarding the appeal process, and policies and procedures of the committee.
- As a stakeholder, analyze and respond to Government Relations and Aboriginal Affairs' requests regarding legislation.

Impact & Accomplishments

- The committee strives for the shortest turnaround time possible on matters before it.
- Through consistency of decisions, the committee provides the general public with a better understanding of requirements when rendering decisions on planning and development appeals.

Caseload Analysis

In 2002, 22 new appeals were received and 21 appeals were heard which includes carry over of appeals from the previous year.

Figure No. 14 shows an analysis of the decisions rendered by the

committee and organized by local authority category as follows:

Municipal Boundary Committee

Major Activities

- **Municipal Boundary Alteration Applications**

The committee is composed of full-time members of the Saskatchewan Municipal Board and part-time members representing the Saskatchewan Urban Municipalities Association (SUMA) and the Saskatchewan Association of Rural Municipalities (SARM).

Reviews applications for the alteration of municipal boundaries or the amalgamation of municipalities.

A request for review of boundary applications normally arises when affected municipalities are not in agreement as to the proposed boundary alterations or amalgamation.

- **Public Hearings**

A public hearing, when required, is conducted within the applicant municipality.

- **Mediation**

Mediation between affected municipalities may occur whenever possible.

- **Provide Advisory Assistance**

Provide factual information to the public on the process to apply.

Goals

- To hear and decide applications within four months after receipt of same.
- Provide an information base for the general public regarding the appeal process, and policies and procedures of the committee.

Impact & Accomplishments

- Mediation facilitates communication between affected municipalities.
- Affected municipalities have an information base as well as a clearer understanding of what is required at the public hearing.
- Providing knowledge of hearing procedural process and consistent decision making to affected municipalities leads to a satisfactory outcome.

Caseload Analysis

Two applications were received in 2002. One hearing was held and the application was denied. The other application is scheduled for hearing in 2003.

Fire Prevention Appeals Committee

Major Activities

- Hear and determine appeals and matters concerning fire prevention.

Appeals arise from orders issued by a fire inspector or fire commissioner or certificate for costs incurred in carrying out an order respecting fire prevention and safety.

- **Appeal Hearings**

Appeal hearings are usually based on the record of the local board. They are held as required in Regina or Saskatoon.

- **Appeal Decisions**

Written decisions, with reasons, are issued based on arguments presented at the hearing.

Goals

- To hear appeals within three months of receipt of a notice to appeal.
- Render decisions within three months of the date of hearing an appeal.
- Provide factual information to the public on the process of fire prevention appeals.
- To establish a consistent base for the process of decision making.

Impact & Accomplishments

- The committee strives for the shortest turnaround time possible on matters before it.
